ABOUT ME

I am a web developer proficient in HTML, CSS, JavaScript, and Node.js. Skilled in building responsive, interactive websites and dynamic web applications. Strong background in both front-end and back-end development, focused on creating seamless user experiences and efficient, scalable solutions. Passionate about continuous learning and staying current with emerging technologies to deliver modern, high-quality web solutions.

EDUCATION

2023 - 2027

Jaypee University of Engineering and Technology

Bachelor of Technology

I developed a strong foundation in web development, programming, and problem-solving. Courses in HTML, CSS, JavaScript, and Database Management provided hands-on experience. This education equipped me with the tools to build efficient, scalable web applications and stay current with emerging technologies.
